(a) What prices reveal
fast group
medium group
slow group
sum of orders
price
prices feed back
Prices see only the sum:
market-wide measure: sized from prices
targeted measure: needs the groups
(b) Cost of learning the groups
experiments needed
memory spacing Δη
prices, 2 groups (slope -6.01)
prices, 3 groups (slope -9.81)
tagged records (flat)
(c) Class reports in price data
median 1,353
